How to Make a Year-Round Camping Reservation

To access our online reservation system, please visit nbf.tentaroo.com directly or via links provided throughout our website.

NOTE: If you are in the New Birth of Freedom Council, reservations must be made through your Unit’s account.

Once you’ve logged in, you’ll see the list of camps (aka Facilities) in the list on the left. Select the Camp you’re interested in.

From here, you can:

1. view the camp’s available facilities for any given date (Find Available Facilities).
2. get the reservation process started (Add Trip).
① To view the camp’s available facilities for any given date, select the facility type from the dropdown and click the Find Available Facilities button.

A window will pop up that lists all of the facilities with their sleeping capacity (in parenthesis). If the dates listed are not the dates you are interested in, you can change the date at the top & click Refresh. For more details about each facility, click on that facility’s row.

The meaning of the symbols that you see above are:
- ✅ Available
- ✗ Not available, there is a conflicting reservation
- Not available, date has been reserved by the camp
- ✅ Available for check-out, but not check-in
When you’re ready to start the reservation process, you must first click on [Add Trip]. Complete this form with information that is relevant to this trip only. (If you are unsure about your final Youth & Adult numbers, that’s okay. Use your current numbers & you can always update those numbers later and if you need to, your cabin reservation as well.)

When you’re done, click [Add Trip].

Now you can start adding the facilities! To get started, click [Add/View Reservations]. It will take you to a window like you see below. Using the dropdown on the right, select the facility type and click [Add Reservation].

For more details about each facility or to reserve it, click on that facility’s row.

If your total # of Participants is higher than the sleeping capacity for this facility, you will receive an error. Please either choose a different facility that can hold your entire group, or if you plan on reserving more than one facility, change the # of Participants to reflect the number of those staying in this facility.

As soon as you select the calendar dates that you would like to reserve this cabin, the Pricing will update and you will be able to reserve it. You will then be redirected back to the View Reservations screen.
If you need to reserve another facility and/or add a facility option for this Trip, select the appropriate facility type from the dropdown on the right and click Add Reservation. Follow the previous instructions for each facility you need to add.

REMINDER: Your Reservation can not be confirmed until you have and your cart is empty.
