

The York, Southern York County, and Red Lion-Dallastown Rotary Clubs joined together in the fall of 2018, to restore a historic landscape architecture originally consisting of 400 sycamore trees. These trees were planted by the War Mothers' Club, from Jacobus south to the Maryland Line, following World War I to honor those who served.

Many York County businesses, service clubs, and individuals have worked together to restore the 200 trees that disappeared since the 1920s. With their assistance through funding, providing professional services and expertise, and planting the trees over a two-year period, this project has been a wonderful success. Please join us as we celebrate all the community involvement and re-dedicate this Road of Remembrance to ALL who have served in the armed services and made the ultimate sacrifice for our freedoms.
