Welcome to Strawberry Hill!
The Strawberry Hill Foundation was founded in 1986 by Frances Martin Froelicher. Frances had a vision to protect the Swamp Creek and Middle Creek watersheds, and to provide environmental education for the residents of Adams County.

More than thirty years later, our organization welcomes 10,000 visitors annually! Today, Strawberry Hill is the premier destination for unique environmental education programs taught by knowledgeable naturalist staff.

Explore With Us
Visit Strawberry Hill to enjoy:
- Public & Private Programs
- Summer Camp
- Special Events
- Recreation
- Volunteer Opportunities

Public Programs
Enjoy monthly guided hikes, family programs, workshops, a nature book club, Pennsylvania Master Naturalist classes, our Nature of the Battlefield Series, and so much more!

Private Programs
Strawberry Hill naturalists teach environmental education throughout the year! Our topics include Animal Ambassadors, Bug Bonanza, Owl Classroom, Watersheds & Wetlands, Nature in a Nutshell, Maple Sugaring, and so much more!

Summer Camp
Every year between June and August, Strawberry Hill offers week-long day camps for children entering 1st through 7th grades. Each session is led by trained educators and provides a unique focus on exploration of the natural world.

Learn more at StrawberryHill.org

Special Events
Join Strawberry Hill for these annual events:
- Mount Hope Maple Madness (Feb & March)
- Celebrate Mother Earth Day (May)
- Trailgating (September)
- A Night for Nature (October)

Recreation
Bordering the Niaouwe State Forest, Strawberry Hill offers direct access to miles of hiking trails! These trails traverse diverse habitats, including swamplands, rocky outcrops, and ephemeral pools. Visitors are invited to fish in the pristine waters of Middle Creek and the Strawberry Hill pond.

Volunteer Opportunities
Volunteers are the backbone of our nonprofit organization! We offer many opportunities where groups or individuals can help maintain trails, assist with animal care, take on special projects, volunteer during special events, or help with community outreach.
Please note that, as of 2018, 560 acres of Strawberry Hill Foundation property was transferred to the Pennsylvania Department of Conservation and Natural Resources (DCNR) Bureau of Forestry. Much of the land surrounding Strawberry Hill’s 30-acre campus is protected and maintained by DCNR as part of Michaux State Forest. For comments or concerns regarding trail conditions, please email DCNR staff at FD01@pa.gov. Thank you and happy trails!
